

We support you in your job search!

Free webinar!

Experts from UBS together with a group of volunteer trainers, will share their knowledge and experience with all those who are currently looking for work.

We are offering a two-part, highly practical webinar in which we will teach you:

1. How to identify your strengths and talents and set goals like a professional.
2. How to create a CV that your future employer will find irresistible
3. The secrets of the job search
4. How to prepare for an interview (simulated interviews)
5. On employment law - what you need to know as an employee
6. How to work effectively from home

In addition to the webinar, we offer one-to-one mentoring:

Possibility to benefit from mentor support - up to 3 individual meetings

Webinars:

16-17 October - classes conducted in Polish

18-19 October – classes conducted in English

What our participants value us for?

“Thanks to Career Boost, I was no longer a passive recipient of offers and acquired several training assignments myself (I had already trained others in ICT) as soon as the sanitary-epidemiological restrictions made it possible to organise courses. I now know that what seems like a problem can turn into an opportunity at some point - thanks to Career Boost, I also know how to use them and have more courage.” - Kamil

“It was great for me to meet such interesting people who shared with us useful knowledge on job search and CV writing” - Marija

“For the presenters' commitment, preparation, openness, good communication, willingness to answer, encouraging questions, and for the naturalness of their manner and delivery of the presentations.” - Daria

“The lecturer was very supportive and committed, at any time I could count on contact, exchange of experience or helpful advice, just talking about certain topics was very helpful and helped me systematize my professional intentions or move forward at all”

- Kamila
